# Why is language learning still difficult?

## TRADITIONAL LEARNING

Textbooks & grammar exercises

Memorizing isolated word lists

Repetitive drills & worksheets

Low engagement & motivation

## THE GAP

We consume a lot of content in the target language, but...

**VOCABULARY IS FORGOTTEN.**

## REAL LEARNER BEHAVIOR

YouTube videos

Netflix & TV series

Online articles & books

Social media & everyday content

Vocabulary is forgotten quickly

Existing tools are fragmented

Content difficulty is hard to estimate

Motivation drops over time

# Our Motivation & Solution

**Learn** through what you **love**.  
**Remember** what you learn.

Learning should fit  
into daily life

## 2+ Hours

Videos

Social Media

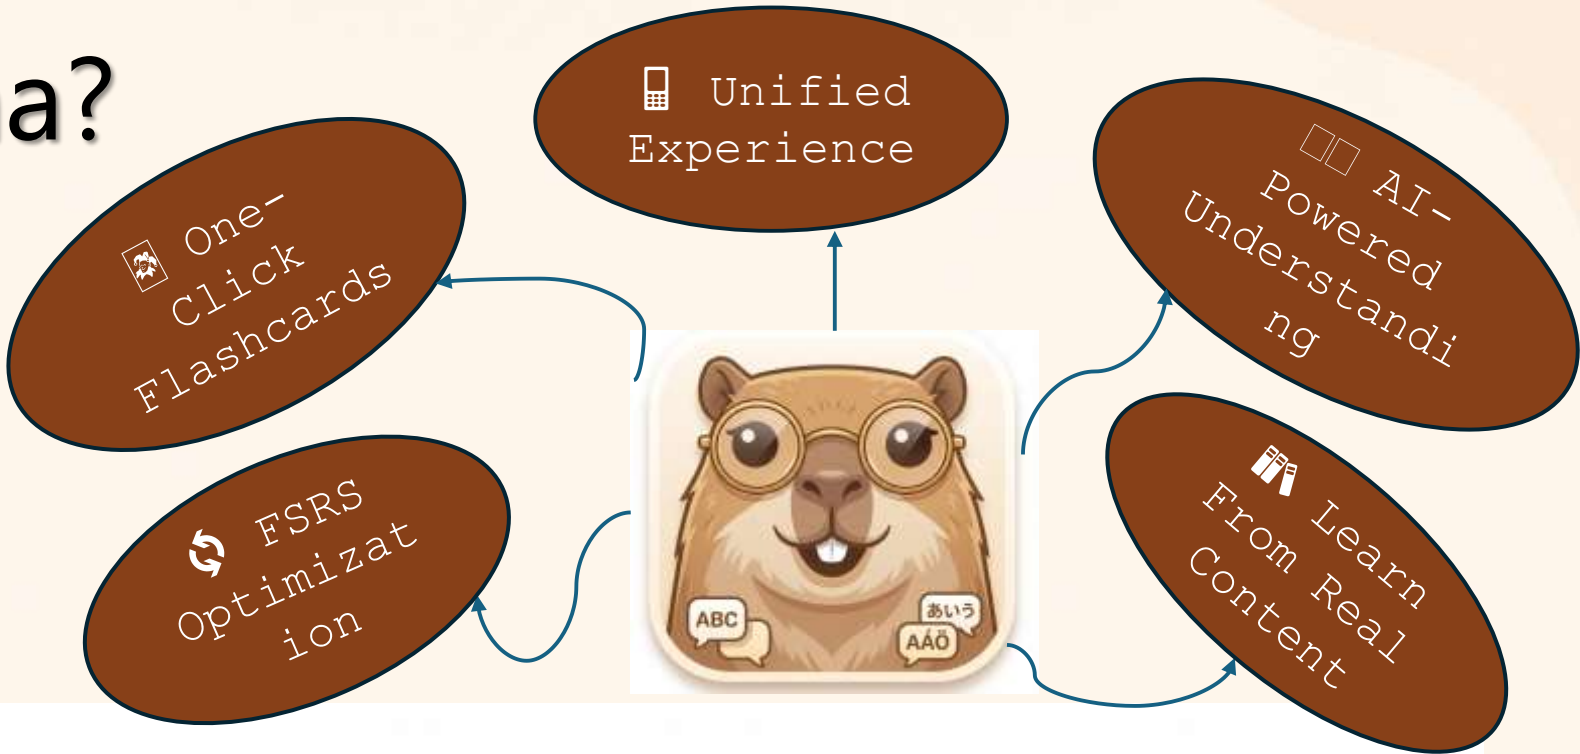

Articles

Podcasts

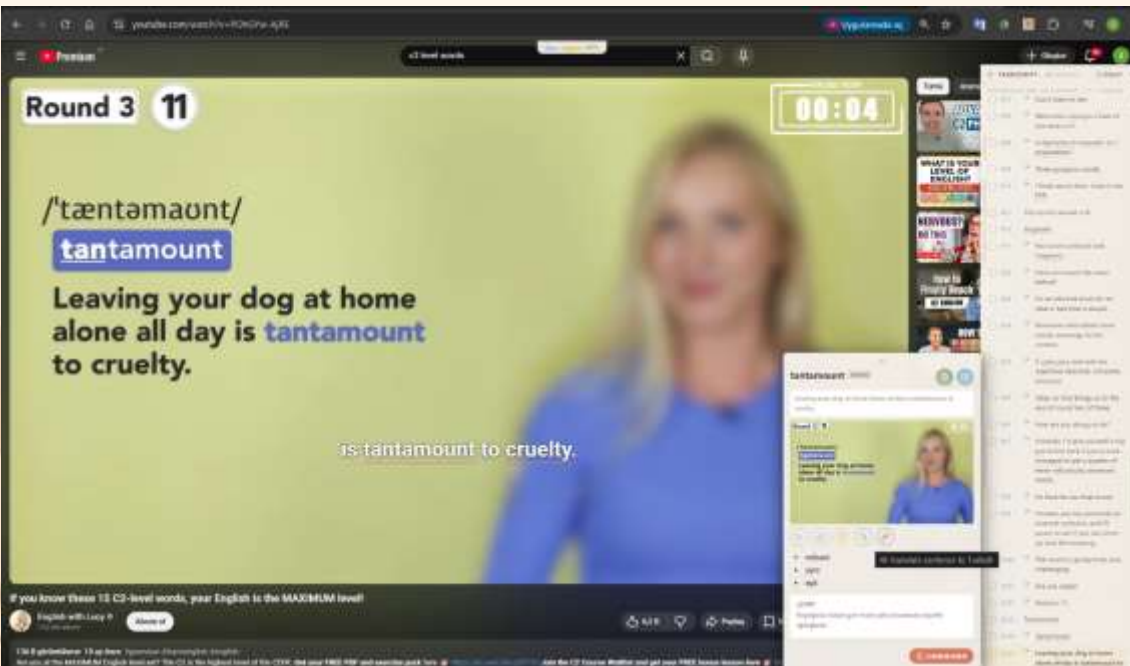

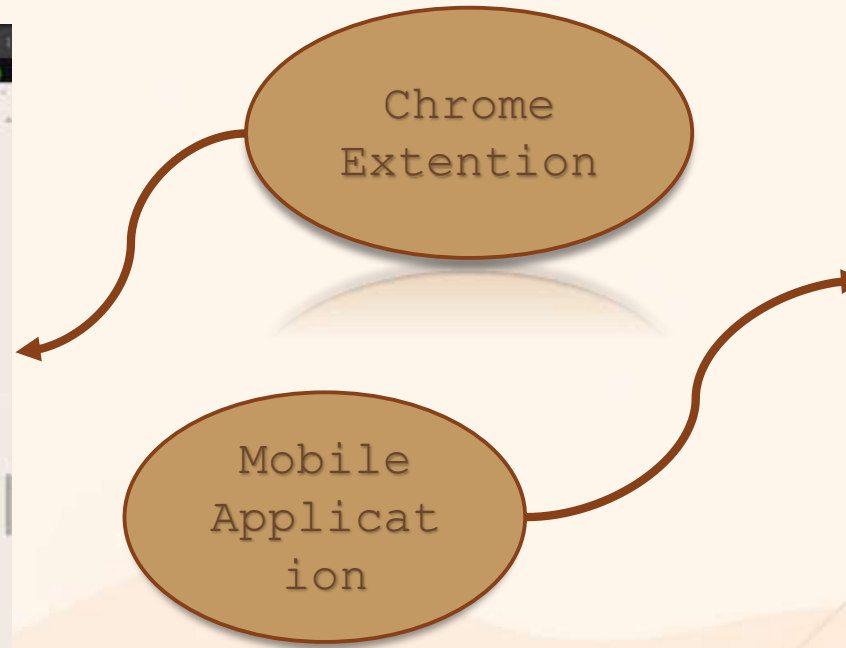

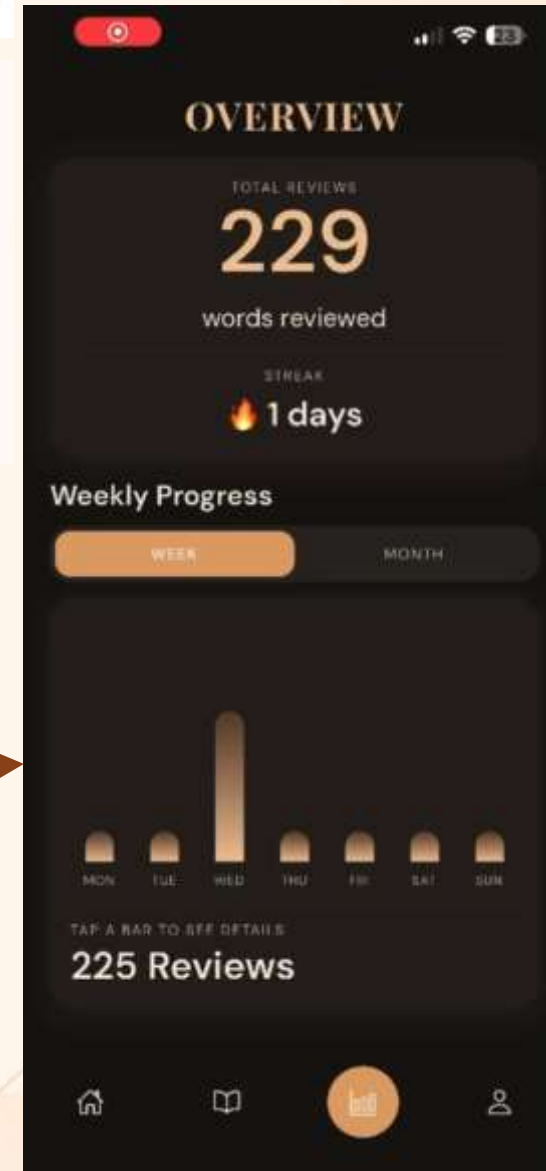

Average daily content  
consumption

# Why Syntagma?

# Syntagma Ecosystem

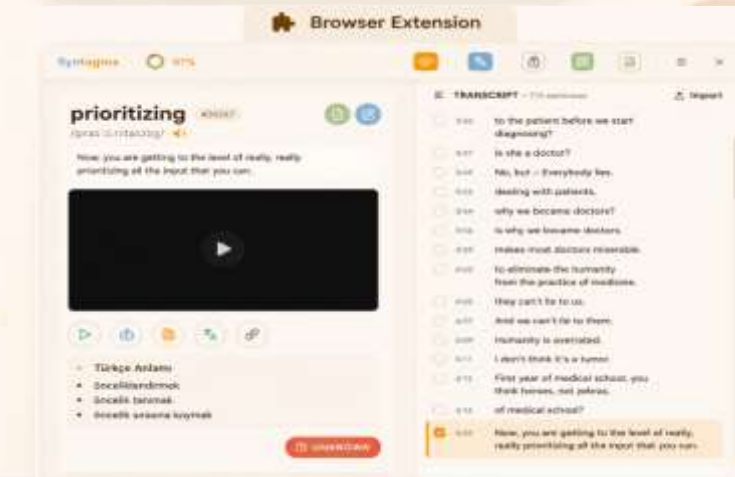

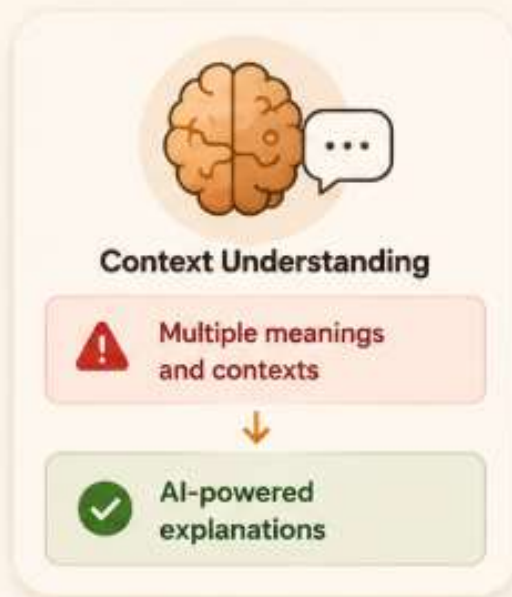

# How Syntagma Learns With You?

# Engineering Challenges & Solutions

# SYNTAGMA

From Unknown Words to Long-Term Memory

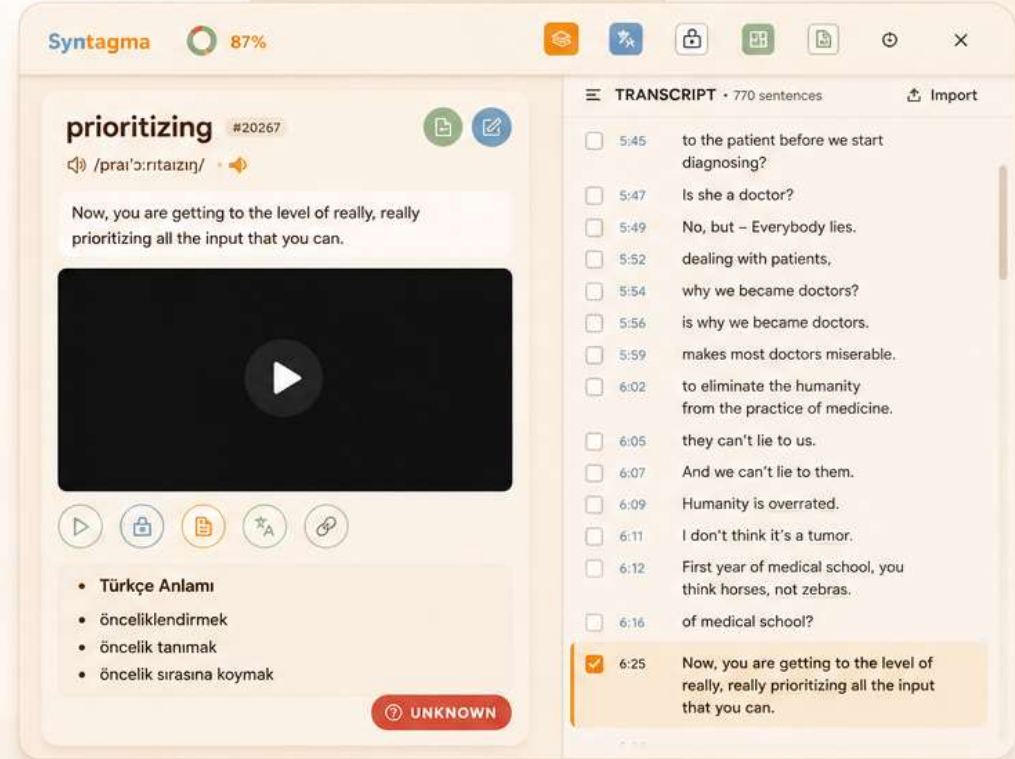

Mobile App

Hi! I'm your capybara guide.  
Let me show you around Syntagma  
– your smart way to learn,  
remember, and grow!

Browser Extension

1. Watch or Read  
Enjoy any content  
you love.

2. Select Word  
Choose any unknown  
word instantly.

3. AI Explain  
Get AI-powered explanation,  
translation and example.

4. Save Card  
Save the word and its  
context to your library.

5. Review  
Review at the right time  
with spaced repetition.

6. Remember  
Build long-term memory  
and grow your vocabulary.

# Future Roadmap

01

## Multi-Language Support

Expand beyond English-Turkish and support additional language pairs.

02

## Speech & Pronunciation Practice

AI-assisted pronunciation feedback and interactive speaking exercises.

03

## AI Learning Companion

Interactive conversations and personalized vocabulary coaching.

04

## Advanced Learning Analytics

Detailed progress tracking, retention analysis, and learning insights.

Learn through what you **love**.  
Remember what you **learn**.

**LEARN**  
Expand knowledge

**UNDERSTAND**  
Smarter with AI

**WATCH**  
Engaging content

**RETAIN**  
Remember better

**PRACTICE**  
Anytime, anywhere

**GROW**  
Track your progress
